

Job Title:

Child Psychiatrist (O-6, Non-Supervisory) – Dumfries Clinic, VA

Job Description:

The Child Psychiatrist will provide services at the Dumfries Behavioral Health Outlying Clinic of Fort Belvoir Community Hospital with routine and emergency intakes and extended evaluations for a wide variety of child and adolescent emotional, psychological, and behavioral disorders as described in the Diagnostic and Statistical Manual of Mental Disorders – Fourth Edition (Text Revision) (American Psychiatric Association) (DSM-IV-TR) and child psychiatry literature. The incumbent performs physical and neurological evaluation pertinent to the assessment and diagnosis of psychiatric disorders, and requests appropriate laboratory, Electrocardiogram (EKG), imaging, and psychological evaluations. Knows and employs a variety of treatment modalities, including pharmacotherapy; individual and group play therapy; individual, family, and group psychotherapy; multifamily therapy; behavioral and cognitive behavioral therapy; and parental guidance. The incumbent develops biopsychosocial case formulations; arrives at specific DSM-IV-TR diagnosis; plans multi-modal, problem-oriented, and evidence-based treatment; and provides appropriate referrals to other medical and mental health care providers in and outside of the medical department activity, Fort Belvoir. The incumbent performs all on-call responsibilities as a general staff psychiatrist. As a member of the Hospital medical staff, partakes in all privileges and responsibilities of that position (e.g., medical staff meetings, educational opportunities, committee memberships, etc.). Prepares and maintains convenience file, paperless outpatient medical record (Armed Forces Health Longitudinal Technology Application (AHLTA)), and inpatient medical record documentation in accordance with service and hospital Standard Operating Procedures; prepares case summaries and other correspondence. Participates in the Psychiatric Residency Training Program at the discretion of the Department Head. Oversees psychiatric residents, interns, and medical students in the area of responsibility.

Maintains all basic readiness standards as required by the U.S. Public Health Service. PHS officers assigned under this Memorandum of Agreement (MOA) must remain available for PHS deployments. Under this MOA, PHS officers are not authorized to deploy with the military. 3-year (minimum) assignment tour.

Requires a SECRET clearance.

Requirements:

Doctor of Medicine (M.D.) or Doctor of Osteopathy (D.O.) degree; Board certification from the American Board of Psychiatry and Neurology or American Osteopathic Board of Psychiatry and Neurology. A current, unrestricted, and valid license to practice medicine from a U.S. State or the District of Columbia. Certified or eligibility for certification to be Board Certified in Child and Adolescent Psychiatry.

Additional Information:

Due to the limited number of PHS Psychiatrists, this vacancy announcement is open to all eligible Active Duty PHS officers.
